**CONNECTED TRANSACTIONS
COAL SUPPLY AGREEMENT**

COAL SUPPLY AGREEMENT

The Board is pleased to announce that SDE (a non-wholly owned subsidiary of the Company) and Zhejiang Energy Asia Pacific entered into the Coal Supply Agreement in relation to the purchase of coal by Zhejiang Energy Asia Pacific from SDE.

LISTING RULES IMPLICATIONS

As at the date of this announcement, Zhejiang Energy Asia Pacific is a connected person at subsidiary level of the Company by virtue of being a substantial shareholder of Lead Far, an indirect non-wholly owned subsidiary of the Company. Accordingly, the entering into of the Coal Supply Agreement and the transactions contemplated thereunder constitute connected transactions of the Company under Chapter 14A of the Listing Rules.

As (i) Zhejiang Energy Asia Pacific is a connected person at subsidiary level of the Company; (ii) the Board has approved the transactions contemplated under the Coal Supply Agreement; and (iii) the independent non-executive Directors have confirmed that the terms of the Coal Supply Agreement are fair and reasonable, on normal commercial terms and in the interests of the Company and the Shareholders as a whole, the transactions contemplated under the Coal Supply Agreement are subject to the reporting, announcement and annual review requirements but are exempt from the circular, independent financial advice and shareholders' approval requirements under Rule 14A.101 of the Listing Rules.

COAL SUPPLY AGREEMENT

The Board is pleased to announce that SDE entered into the Coal Supply Agreement with Zhejiang Energy Asia Pacific in relation to the purchase of coal by Zhejiang Energy Asia Pacific from SDE. The principal terms of the Coal Supply Agreement are set out below:

Date

7 May 2026

Parties

- (i) SDE, as the seller; and
- (ii) Zhejiang Energy Asia Pacific, as the buyer.

Subject Matter

SDE agreed to sell, and Zhejiang Energy Asia Pacific agreed to purchase, 70,000 MT of Indonesian steam coal (the “**Base Quantity**”). Pursuant to the Coal Supply Agreement, the parties may mutually agree to adjust the Base Quantity upward or downward by 10%.

Shipping Schedule

The parties agree that the delivery of the shipment shall commence from May 2026 and end when the delivery of and the payment for the coal of the contracted quantity under the Coal Supply Agreement has been fully performed by the parties. The loading quantity of a shipment shall be 70,000 MT (subject to a 10% upward or downward adjustment).

Consideration and payment terms

The base price of the steam coal will be determined based on $((ICI\ 2 + ICI\ 3) / 2 / 5,050 \times 5,000 + USD4.25/MT) \times \text{exchange rate}$. It is elaborated as the sum of Indonesia coal price index no. two and three divided by two and divided by 5,050 kcals times 5,000 kcals plus USD4.25 per tonne, subject to price adjustment for coal quality and coal's net calorific value. The price of the contract is paid in RMB. The exchange rate means the last spot average of buying and selling price in remittance appearing on Bank of China foreign exchange page as of 16:30 Beijing time on the bill of lading date.

Zhejiang Energy Asia Pacific shall pay by telegraphic transfer within five working days (China and Hong Kong official bank business days) after receiving the original documents prescribed under the Coal Supply Agreement, which include SDE's signed commercial invoice, clean on-board bills of lading, electronic-certificate of origin issued by Department of Trade of Republic of Indonesia, certificate of sampling and analysis, certificate of weight, certificate of origin and draft survey report issued by independent surveyor.

Estimated transaction amount

Within 12 months prior to the entering into of the Coal Supply Agreement, SDE and Zhejiang Energy Asia Pacific had entered into the September 2025 Coal Supply Agreement I on 5 September 2025, the September 2025 Coal Supply Agreement II on 30 September 2025, the October 2025 Coal Supply Agreement on 24 October 2025, the November 2025 Coal Supply Agreement on 14 November 2025, the December 2025 Coal Supply Agreement on 2 December 2025, the February 2026 Coal Supply Agreement on 27 February 2026 and the March 2026 Coal Supply Agreement on 31 March 2026, details of which have been disclosed in the announcements of the Company dated 5 September 2025, 30 September 2025, 24 October 2025, 14 November 2025, 2 December 2025, 27 February 2026 and 31 March 2026. The transaction amount in respect of the purchases of coal by Zhejiang Energy Asia Pacific from SDE within 12 months prior to the entering into of the Coal Supply Agreement and up to the date of the Coal Supply Agreement was approximately RMB345 million. The estimated transaction amount in respect of the purchases of coal under the Coal Supply Agreement is expected to be not more than RMB47 million based on latest coal price (the "**Estimated Transaction Amount**"). If the transaction amount exceeds the Estimated Transaction Amount resulting from coal price movements, the Company will re-comply with the announcement requirements under Chapter 14A of the Listing Rules.

REASONS FOR AND BENEFITS OF THE TRANSACTIONS

As disclosed in the Company's announcement dated 25 June 2024, initially, it was contemplated that Zhejiang Energy would enter into a coal supply agreement with SDE for a term of 20 years. However, more time is required to evaluate its annual production capacity before the parties could commit to a long-term agreement. As such, the parties decided to enter into the Coal Supply Agreement with a shorter term, for the time being. By entering into the Coal Supply Agreement, the Group will have a stable source of revenue due to continual demand from the stated-owned power plant of the holding company of Zhejiang Energy.

In view of the above, the Directors (including the independent non-executive Directors) are of the view that the Coal Supply Agreement and the transactions contemplated thereunder were entered into in the ordinary and usual course of business of the Group, and the terms of the Coal Supply Agreement are on normal commercial terms, fair and reasonable and in the interests of the Company and the Shareholders as a whole.
